Eva you must have mental telepathy...I had every in tension of contacting you today.  
I spoke with Marcy and she confirmed there were no batteries exported in 2014. To date, I can also report we have not exported any batteries for the year 2015.  
I hope this satisfies your inquiry. If you need anything further please don't hesitate to contact me.  
Enjoy the rest of your day!

Dear US Primary Exporter of Spent Lead Acid Batteries:

received  
Sun 8/13/2015

As you are aware, a primary exporter of spent lead acid batteries (SLABs) is required to file with the United States Environmental Protection Agency (EPA) an Annual Report of any export shipments of SLABs by **March 1** of the year following any actual export(s), under 40 CFR Sections 262.56 and 262.87(a) of EPA regulations.

Our records indicate that during the year 2014 you had a valid consent for the export of SLABs but our office has not received a 2014 Annual Report from you.

*If you did export SLABs during calendar year 2014*, your Annual Report was due by March 1, 2015; you should submit your overdue Annual Report without further delay. Please mail a signed and dated copy of your Annual Report to:

In addition, given the lateness of your submittal, please e-mail a pdf copy of your Annual Report to me at [kreisler.eva@epa.gov](mailto:kreisler.eva@epa.gov). Your cooperation will assist us with compiling the 2014 data expeditiously.

*If you did not export SLABs during 2014* please send me an email stating that your company did not export SLABs during calendar year 2014. Your submission should be e-mailed to me at [kreisler.eva@epa.gov](mailto:kreisler.eva@epa.gov).

There is no required form for annual report submissions. Exporters that shipped SLABs to Canada, Mexico, or any country not belonging to the Organization for Economic Cooperation and Development (OECD) must submit an annual report containing all items of information found at 40 CFR Sections 262.56 (a)(1) through (4), (6) and (b). Exporters that shipped SLABs to OECD Member countries other than Canada or Mexico must submit an annual report containing all items of information found at 40 CFR Section 262.87(a). Annual Reports not meeting these requirements, as applicable, will be returned as deficient. **Failure to file a timely and accurate annual report of SLAB exports can result in a penalty of up to \$32,500 per day.**

Sincerely,
